## 1.0 PURPOSE AND SCOPE

(4.4, 4.5)

This standard defines the requirements for qualifying and maintaining qualification for personnel as a Construction Field Lead at CH2M HILL Hanford Group, Inc. (CH2M HILL). This standard does not apply to any other qualification programs for the Tank Farm Contractor (TFC).

## 2.0 IMPLEMENTATION

This standard is effective on the date shown in the header.

## 3.0 STANDARD

NOTE: All candidates may request equivalency to the education, training, and experience requirements associated with this standard in accordance with [TFC-BSM-TQ MGT-C-01](#). (4.4)

NOTE: Candidates must document the completion of all the training requirements associated with their instructional staff position in TFC training records.

NOTE: Upon completion of these requirements, the instructional staff candidate is considered qualified, unless that qualification is revoked for cause.

### 3.1 Qualification Requirements for Construction Field Lead

(4.1, 4.2, 4.3)

#### 3.1.1 Entry Requirements
